Hi Bill,

I believe that EPA would be in the best position (b) (6) about activities at the site. However, I would be happy to call (b) (6) if it was helpful to the team.

Thank you,  
Tom

Hi Bill,

I'm not sure who to direct this to with Scott on (b) (6). (b) (6)  
(b) (6) Charles Pillon, wanted to get more information about what's going on with the property. (b) (6). He's looking for an answer on whether anyone is planning to remove refuse, or do groundwater testing. He's also concerned whatever is on the Pillon property has leached (b) (6) groundwater tested. (b) (6)  
He said someone told him a few months ago that they wanted to know if machinery was running.

(b) (6) email is (b) (6) Let me know if I can help facilitate any of this.

Thanks,

Brionna
